SWING COLLECTION
2019

***"We were raised with the idea that
if you want to make something
you must know how to do it"***

***"Siamo cresciuti con l'idea che per
creare bisogna saper fare"***

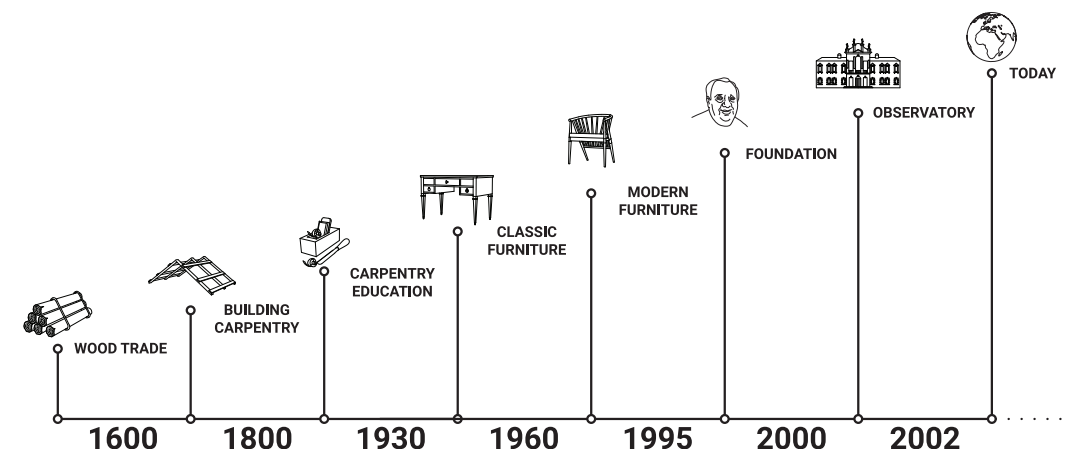

Famiglia Morelato

BETWEEN HISTORICAL RESEARCH AND CLASSICS OF TOMORROW

TRA RICERCA STORICA E CLASSICI DI DOMANI

This is the third generation of Morelato family specializing in fine woodcraft. We use precious woods in order to produce handcrafted iconic and functional furniture. The experience we gathered through the years, allows us to produce furniture redefining classicism in a unique contemporary way.

Da tre generazioni siamo specializzati nell'arte dell'ebanisteria; produciamo con essenze pregiate mobili artigianali iconici e funzionali. La grande esperienza accumulata in decenni di produzione del mobile classico, oggi ci permette di realizzare arredi che reinventano la classicità ridefinendola in chiave moderna.

THE SWING COLLECTION

DESIGN BY MAAM & LIBERO RUTILO

The Swing collection comes from the desire to bring simplicity and functionality to a line of high quality artisan furniture, in accordance with the Morelato tradition. A large collection, which allows the creation of unique and original furniture, different for each environment, characterized by an essential and elegant design and the possibility of combining different materials and finishes. All pieces of the Swing collection are highly customizable: constructed with an ash block board structure the range offers a large choice of other wood grains for doors and facades, as well as the possibility to use other materials such as Vienna straw, leather and fabric for other parts. Technological and functional objects with a sober and elegant style, which maintain the high quality of the natural materials and the workmanship, enhancing the beauty of a craft product.

La collezione Swing nasce dalla volontà di apportare semplicità e funzionalità ad una linea di arredi di alta ebanisteria, in linea con la tradizione Morelato. Un progetto ampio, che permette di realizzare mobili originali e sempre diversi per ogni ambiente, caratterizzati da un design essenziale ed elegante e dalla possibilità di ottenere combinazioni di diversi materiali e finiture. I mobili della collezione Swing sono altamente personalizzabili; costruiti con una struttura in listellare di frassino, offrono una vasta scelta fra altre venature di legno per porte e facciate, così come la possibilità di utilizzare alti materiali come la paglia di Vienna, pelli e tessuti per altre lavorazioni. Oggetti tecnologici e funzionali ma dal gusto sobrio ed elegante, che mantengono alta la qualità dei materiali naturali impiegati e delle lavorazioni, esaltando la bellezza di un prodotto artigianale.

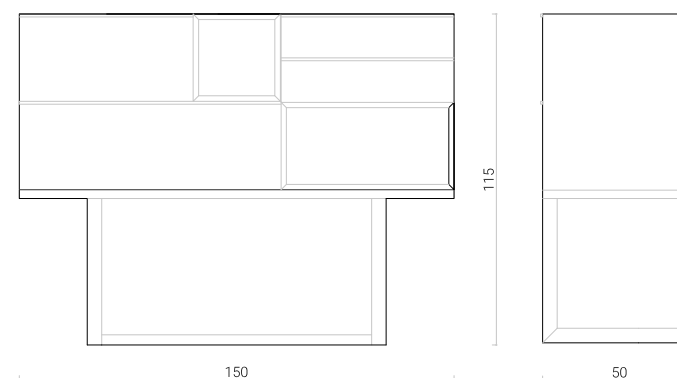

SWING CONSOLE

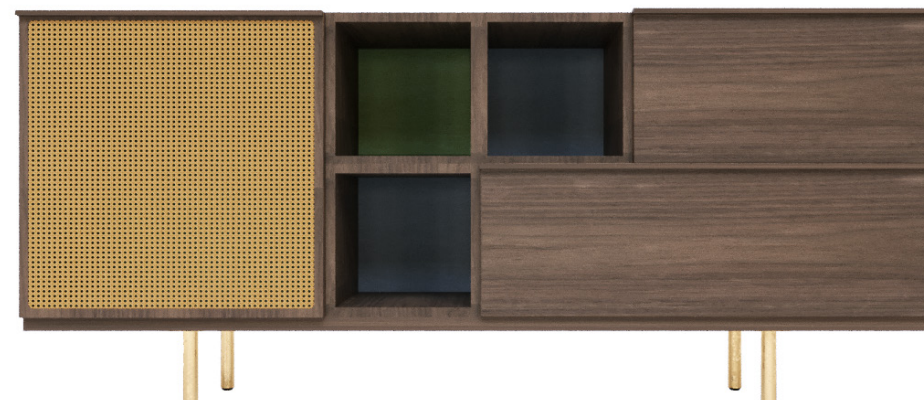

Modular sideboards and cabinets with open compartments, doors or drawers, which can be made of ash wood or other grains and materials

Mobili di servizio e contenitori componibili con vani a giorno, ante o cassetti realizzabili in essenze o altri materiali.

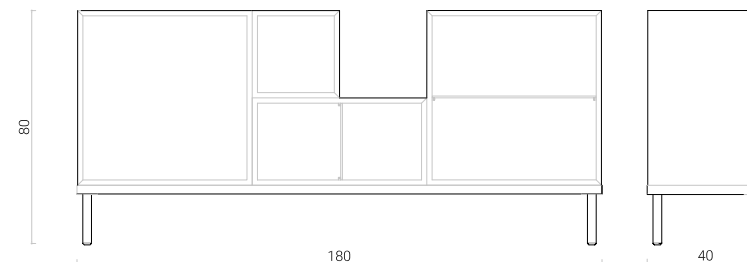

SWING SIDEBOARD

Modular sideboards and cabinets, customizable in the choice between doors, drawers and open compartments, enriched by the use of different wood grains and materials, different bases, or with the possibility of wall mounting.

Madie e credenze componibili, personalizzabili nella scelta fra ante, cassetti e vani a giorno, arricchite dall'utilizzo di diversi materiali, diversi basamenti, o con la possibilità di essere fissati alla parete.

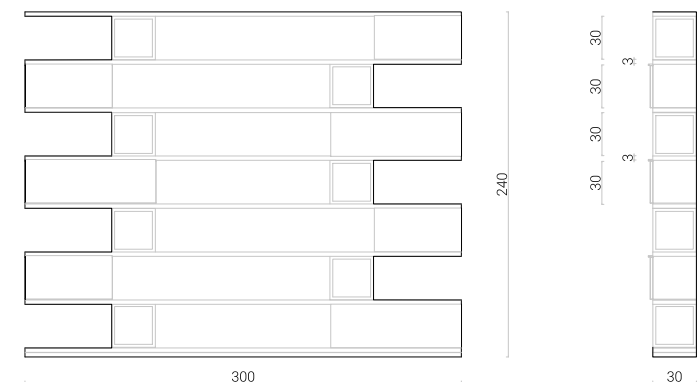

SWING BOOKSHELF

Modular bookcases with open or closed compartments, characterized by the use of empty cubes made of solid wood as spacers between the shelves.

Librerie a misura componibili con vani a giorno o chiusi, caratterizzate dall'utilizzo di cubi vuoti in legno massello come distanziatori fra i ripiani.

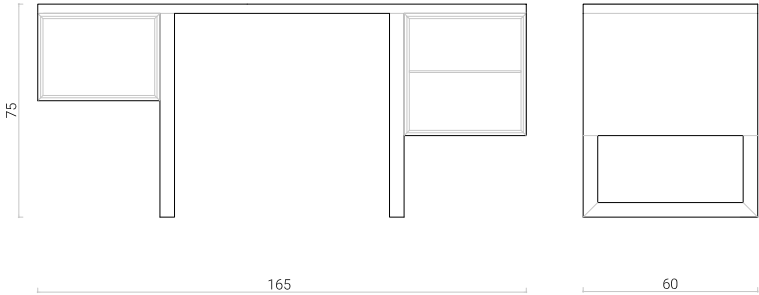

SWING DESK

Essential and elegant writing desk with ash wood structure and top, with two drawers on the right and an open container on the left.

Scrivania essenziale ed elegante con struttura e piano in legno di frassino, completo di due cassetti a destra e di un contenitore a giorno a sinistra.

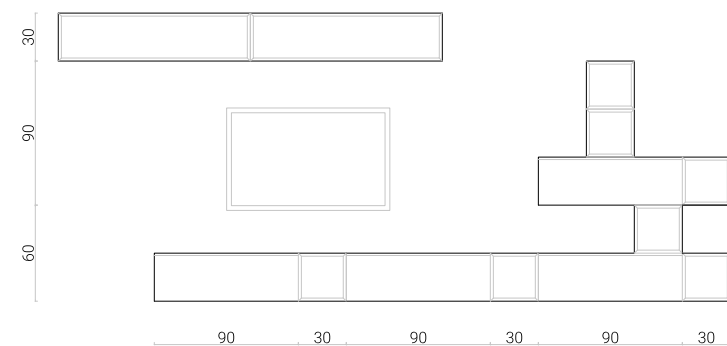

SWING TV WALL UNIT

Wall units equipped for living rooms or TV cabinets made to measure with customized modules and containers, enriched by the use of different wood grains and materials.

Pareti attrezzate per soggiorno o mobili porta TV realizzati a misura e completati con moduli e contenitori personalizzati, arricchiti dall'utilizzo di diversi materiali.

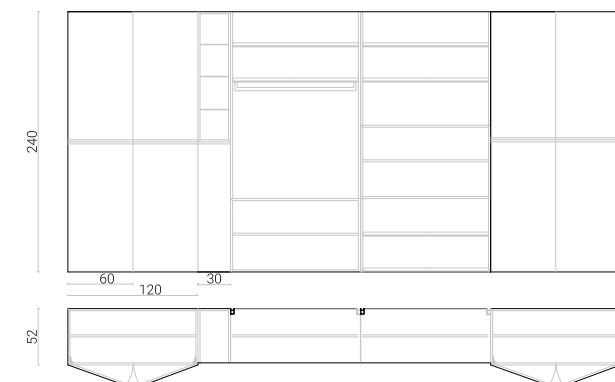

SWING STORAGE AND WARDROBE

Customized wardrobes and walk-in closets characterized by the use of compartments with hinged doors or with equipped wood panels and frame elements, with the possibility of using different wood grains, materials and finishes.

Guardaroba e cabine armadio realizzabili su progetto e caratterizzate dall'utilizzo di vani ad anta battente o boiserie attrezzate, ed elementi a spalla portante, con la possibilità di integrare diversi materiali e finiture.

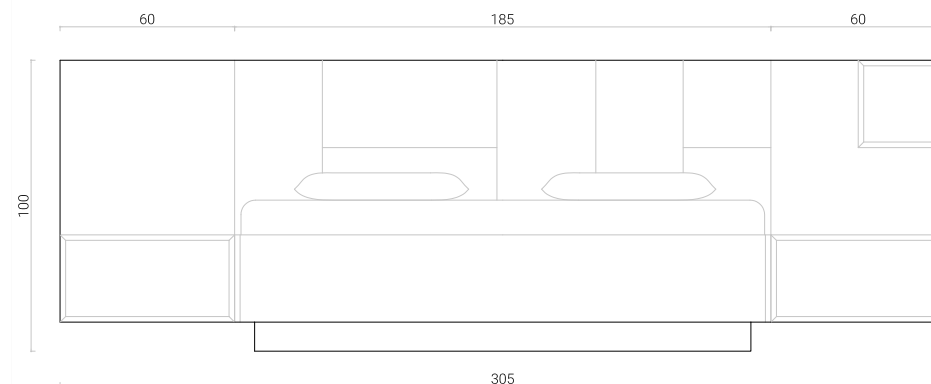

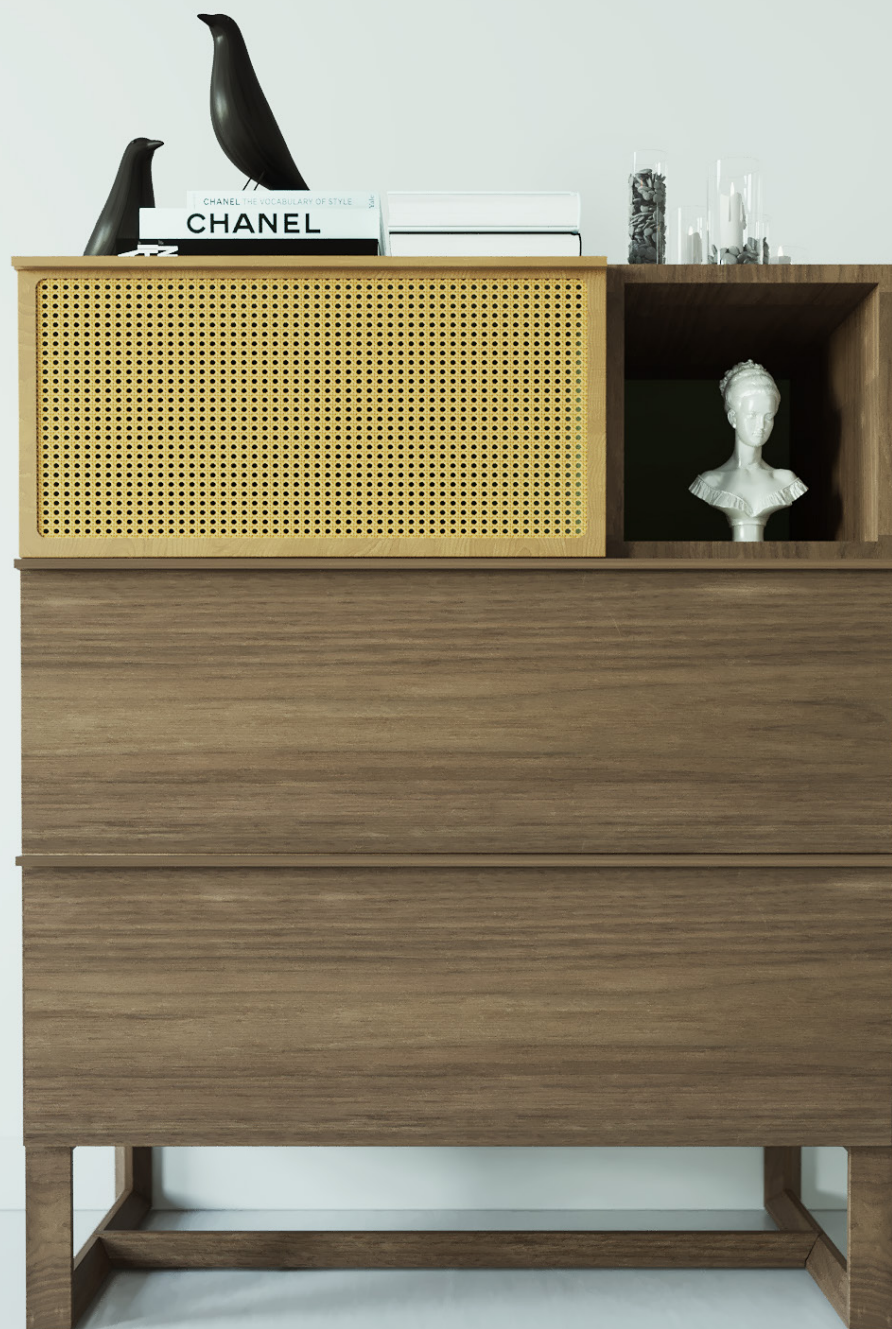

SWING BED

Single or double bed with upholstered sommier and custom headboard with the possibility to integrate with containers and padded head panels.

Letti singoli o matrimoniali con sommier rivestito e testiera su misura con eventuali contenitori integrati e pannelli poggia testa imbottiti.

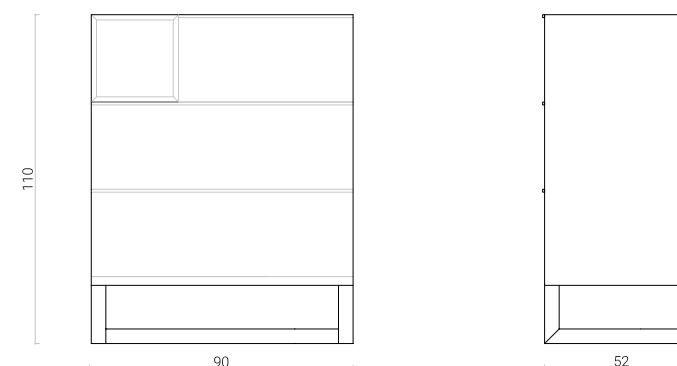

SWING CHEST OF DRAWERS

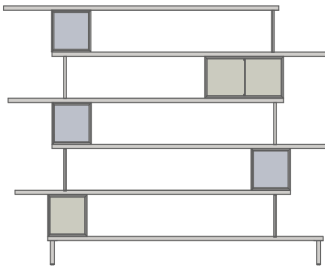

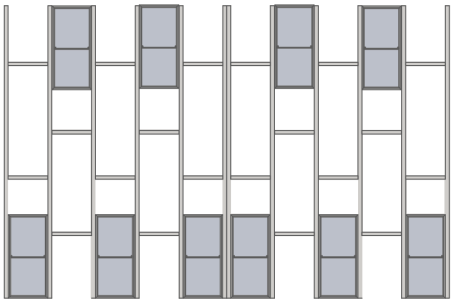

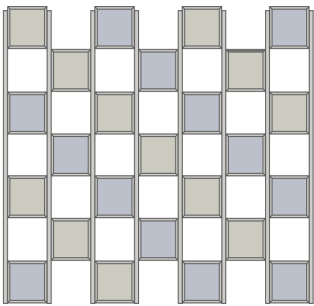

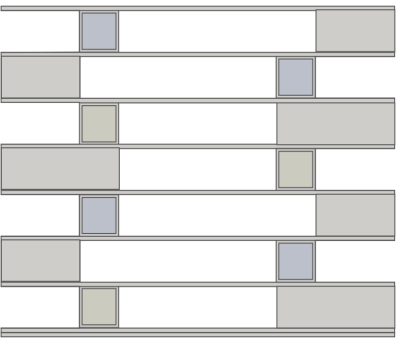

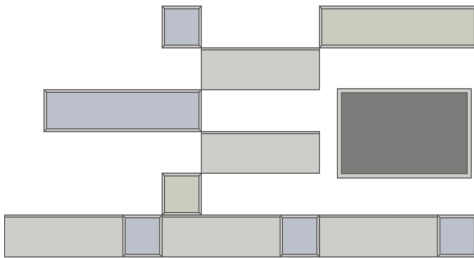

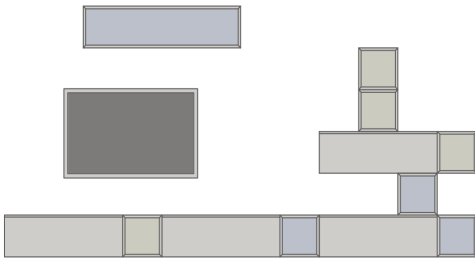

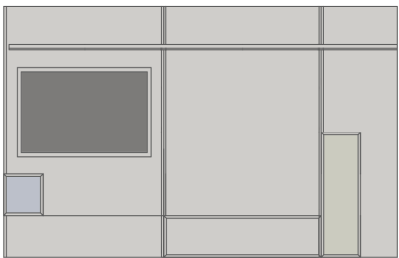

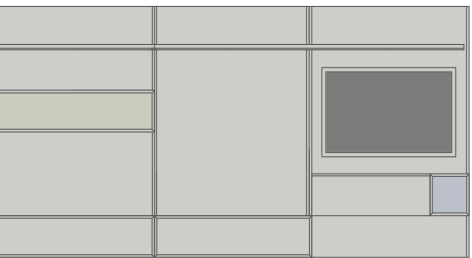

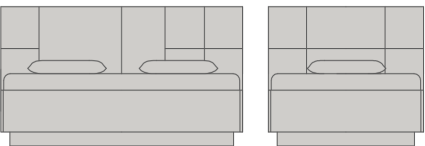

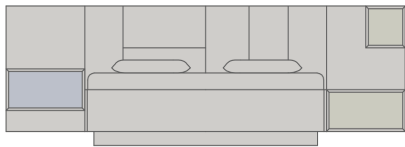

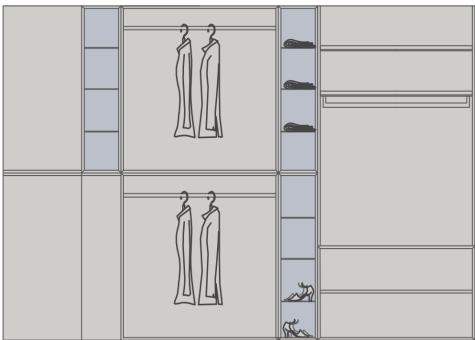

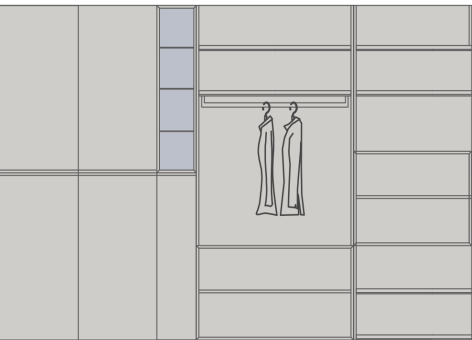

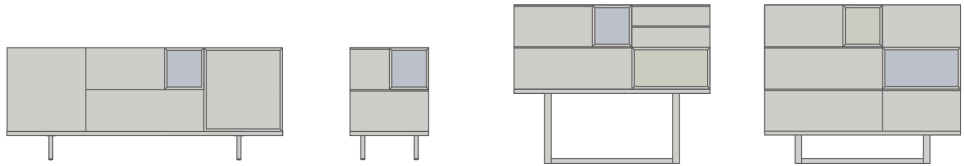

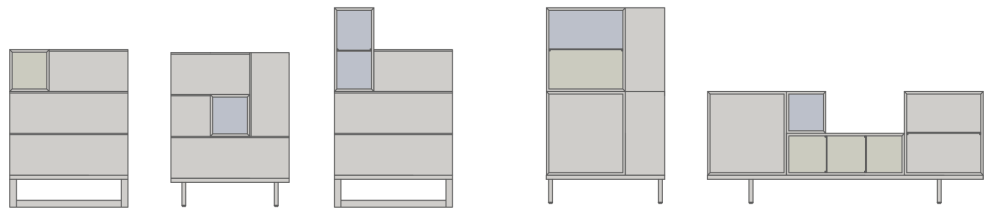

Modular cabinets or chest of drawers with doors or drawers that can be made of ash wood or other grains and materials.

Mobili contenitori e cassettiere componibili, con ante o cassetti realizzabili in essenze o altri materiali.
